

Assigner Expectations

2026 Level 2 Clinic

Why are we here?

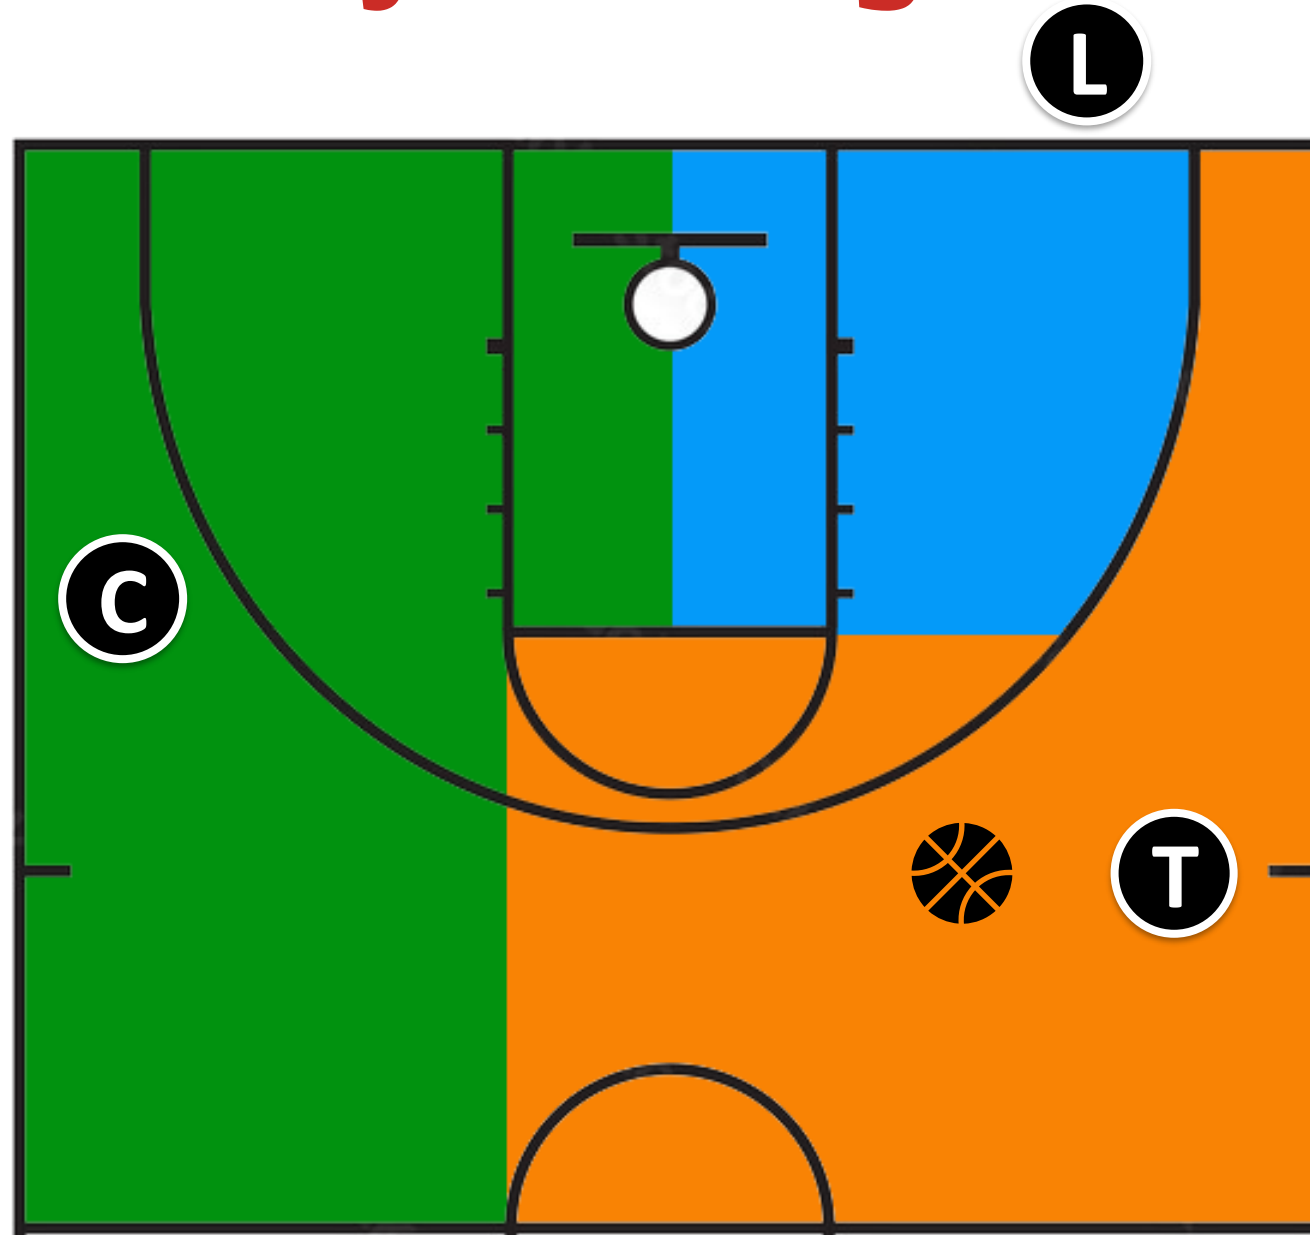

- This is a “teaching camp” far more than it’s a “hiring camp.” Think about how you need to accept feedback. **What you learn here isn’t “our way,” it’s “the right way.”** There’s ZERO arrogance attached to that statement.
- We’re doing this because we have a passion for things being done the right way. We put a lot of time into planning this. We do the best we can. Some are way too critical of what we do at this clinic. There are legitimate reasons behind all of it.
- There is no guarantee that anyone here is going to be assigned to regular season Varsity games due to your attendance. Essentially, you should understand that it’s in your best interest to take what we offer you when games become available. We have thousands of games to fill.
- We wish every game could be played by elite players in an air- conditioned gym with a wood floor. We ALL need to adapt.
- **WE APPRECIATE YOU BEING HERE!!!**
